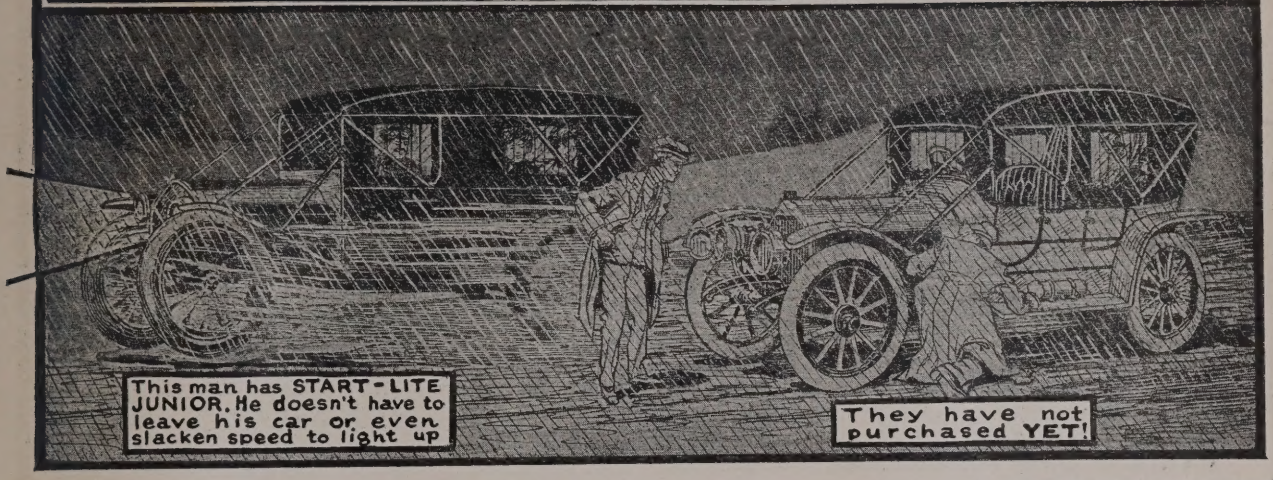
ATTENTION



This man has START-LITE JUNIOR. He doesn't have to leave his car or even slacken speed to light up
They have not purchased YET!

You can enjoy all the CONVENIENCE you would expect in an electric system, and know that the ABSOLUTE EFFICIENCY, RELIABILITY and ECONOMY of gas service is always at your command.

START-LITE JUNIOR
GAS LIGHTER

¶ Is the MOST WONDERFUL DEVICE for lighting automobile gas lamps from the driving seat that *the motoring world has ever seen.*

¶ Strong words, but read our reasons and you will agree with us.

¶ The Start-Lite Junior *ABSOLUTELY PREVENTS* blowing up lamps or cracking lenses.

¶ The Start-Lite Junior *tells you when gas is on or off.*

¶ The Start-Lite Junior can be *operated with your foot.* You need not take your hands off the steering wheel or your eyes off the road.

¶ The Start-Lite Junior makes it *impossible* for you *to get gas* in your lamps *without a spark.*

Write for booklet giving details and prices, also some interesting stories from satisfied customers

Here is the latest triumph of a company which has originated practically every improvement in electric vehicle construction. That has factory equipment for the manufacture of every type of electric vehicle from the smallest runabout or brougham to a mighty 5-ton truck—

—And whose experience, gained in the making of this unlimited range of electrics, enabled them to evolve this most elegant, comfortable and convenient of all four-passenger electrics.

WITHOUT such experience, and the knowledge gained thereby, such an achievement would hardly have been possible. It took the company who built the first coupe electric—the first electric with the high efficiency shaft drive—the first which could take *either* solid or pneumatic tires—the first electric with full elliptic springs and patented drop sill construction—and the first five-passenger full-view ahead electric to originate and design.

THE SILENT WAVERLY LIMOUSINE-FOUR

Rear Drive—Four Chair—Full View Ahead

In this wonderful car four separate Pullman chairs replace the usual forward and backward seats. Three face forward, the fourth is a "cosy corner" in front at the right.

Thus affording full four-passenger capacity without obstructing the view of the driver who sits as usual in the left-hand rear seat—the pleasant and sociable position with, instead of in front of the other occupants of your car

This arrangement insures ample and delightful spaciousness and absolute freedom from crowding—No crushing of handsome gowns and wraps in the Waverley Limousine-Four while permitting of greater luxury and greater elegance than has ever before been possible in a four- passenger electric.

Waverly patented drop sill construction permits of a beautiful, graceful low hung body swung on full elliptics springs as shown in the illustration—a combination which insures easy riding over every road and with any tires, while saving current, increasing mileage and protecting your car from racking bumps and jars.

Batteries are flushed from *outside* the car—no lifting out of cushions with greasy hands, no spotting with water or fabric-eating acids.

The Waverly Catalog of Pleasure and Commercial cars will be sent on request to any address.

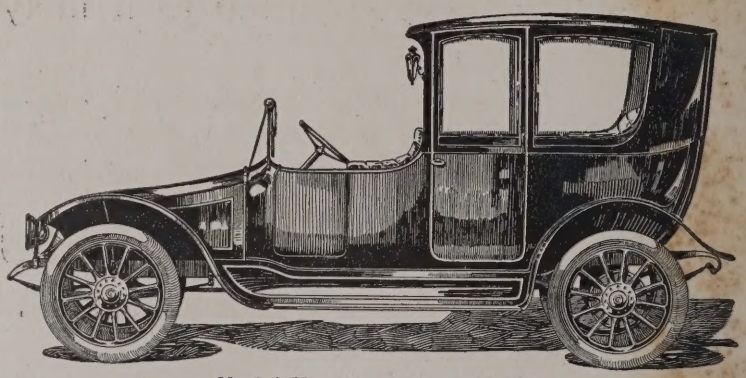
A decided innovation in pleasure cars, this aristocratic vehicle combines all the convenience, the cleanliness, silence and reliability of the rightly built electric, with the long graceful outlines and high efficiency which heretofore have been associated only with the better quality of gasoline machines.

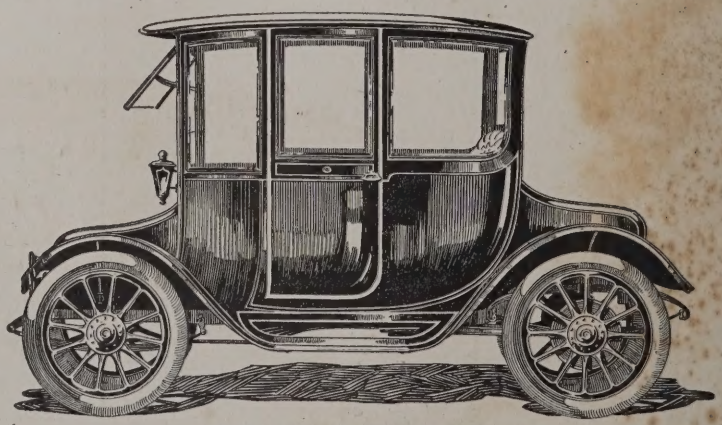


Model 60—Limousine—$5,500

Since the first Borland was made we have concentrated on the designing and perfecting of one Chassis. We are finally satisfied that the Borland Chassis represents the best engineering ideas and the correct selection of metal for each and every part. The proof of the efficiency of this Chassis is our long list of satisfied customers.

Specifications: Front or rear drive, optional control lever, horizontal type. Wheel base, 96 inches. Extra large aluminum 5-passenger body, revolving front seats, either front or rear drive. *Batteries:* 40 cells, 9-plate Exide. *Speed:* 22 miles per hour. *Equipment:* Skid chains, hydrometer, odometer, toilet case, flower vase and umbrella to match upholstery. Solid or pneumatic tires, optional, 34x4.

The car for all the family. Roomy, luxurious, and with plenty of knee space; this model is the one most often recommended for general service.



Model 50—Coupe—$2,900

Beside the models illustrated we are making: Brougham, $2,500; Colonial Coupe, front or rear drive, $2,700; 1500-pound delivery truck, open body, $2,100; 1500-pound truck, with closed body, $2,250. Let us send you "The Borland Poster Book," an artistic production, describing these models more carefully.

Woods Electrics

An Ideal Pleasure Car For The Whole Family

The Woods is the car that you cannot wear out; the pleasure car for woman, and the business car for man; the powerful, speedy, graceful electric, with solid rubber tires and famous Krupp steel easy riding suspension springs. The Woods is the car that does not have to be replaced with a new one every year—some of the Woods Electrics made back in 1902 are still in daily service.

The Woods is the best hill climber of them all; has the safest and most powerful brakes, and is built to stand all the uses and abuses that it is bound to get.

We will be glad to arrange for a demonstration ride.
